IMMACOLATA HOUSE

CARE HOME

WELCOME TO IMMACOLATA HOUSE

Situated in Langport, surrounded by beautiful Somerset countryside, Immacolata House Care Home provides dedicated Residential, Specialist Dementia, Nursing, Palliative and Respite Care for up to 49 residents.

Set across four thoughtfully-designed suites, each with its own living, dining and kitchenette space for resident use, Immacolata House is a modern home with comfort and care at its heart. Each well-appointed bedroom offers the opportunity for residents to personalise the space to make it truly feel like their own, and a real home from home.

Internally, all communal spaces have been created to be a comfortable, relaxing and inspiring space. Our bright and airy conservatory is the perfect space to relax and enjoy a conversation and coffee with good company.

Set within five acres of secure, landscaped gardens, our garden areas have been designed with residents in mind and offer beautiful views of the surounding countryside. Raised beds and greenhouses ensure that gardening is a continuing pleasure for our green-fingered residents – or they can simply enjoy the results!

A WARM WELCOME AWAITS

All individual care needs are provided through personalised care planning and collaboration with residents and their families. Our holistic approach to care incorporates residents overall wellbeing and we take great pride in the nutritional care we offer. Our team of chefs are proud to cook nutritious home cooked meals daily, catering to all dietary needs and preferences promoting sociable dining experiences.

Our Activities Programme is second to none, with residents encouraged to continue much-loved hobbies, and to begin new ones!

We're proud to be a welcoming home where residents are relaxed, happy and fulfilled, with care always on hand should it be required.

We look forward to welcoming you
